How much does college cost, and what is included in the total cost?

What is the difference between grants, scholarships, loans, and work-study?

How does a student receive financial aid?

NET PRICE

NET PRICE is the amount that a student pays to attend an institution in a single academic year **AFTER** subtracting scholarships and grants the student receives.

Focus on the NET PRICE.

Not the STICKER Price.

NET PRICE CALCULATORS

NET PRICE CALCULATORS

Available on a college's website, net price calculators can help prospective students get a better handle on what they will be expected to pay.

Students enter information about their family's financial situation to learn what similar students paid to attend the institution in the previous year.

WHY ARE NET PRICE CALCULATORS IMPORTANT?

Knowing your net price:

- Gives you the best idea of what you'll pay for a particular college
- Makes comparing colleges easier
- Widens your choice of colleges

NET PRICE CALCULATOR TIPS

- Answer questions accurately
- Remember that this is just an estimate and the actual cost may end up being higher or lower than the estimate provided by the net price calculator

THE FINANCIAL AID PROCESS

- FAFSA (Free Application for Federal Student Aid) – www.fafsa.ed.gov
- CSS Profile profileonline.collegeboard.com
- Institutional aid applications
 - Be sure to check each individual school's website to find out what forms are required and when they must be filed.

FILE YOUR FAFSA

Each year, the federal government awards roughly \$150 billion to college students through need-based grants, loans, and work-study funds.

Filing the FAFSA ensures you are in the running.

- It is required.
- Watch deadlines.
- Be organized.

AN IMPORTANT DAY

October 1 is the first day that the FAFSA can be completed.

FEDERAL STUDENT AID

Completing the FAFSA is the first step in securing federal aid for college, career school, or graduate school.

CSS/ FINANCIAL AID PROFILE

The **PROFILE** is a tool created by the College Board that allows students to complete one form and apply online for non-federal financial aid from almost 400 colleges, universities, professional schools, and scholarship programs.

CSS/ FINANCIAL AID PROFILE TIPS

- Available on October 1st
- Use your College Board Account to complete the Financial Aid PROFILE
- May be required by some colleges and universities
- CSS / Financial Aid PROFILE is in addition to the FAFSA.

BE SMART ABOUT SCHOLARSHIPS

Thousands of scholarships exist.

Some colleges automatically consider all applicants for scholarships. Other scholarships from colleges, universities, and private sources require special applications and additional work and motivation to make it happen.

Never pay money to apply to an outside scholarship.

TAKE STEPS TO MINIMIZE DEBT

The majority of students use loans to help finance their college education.

Don't borrow any more than you absolutely need.

HOW MUCH WILL IT COST?

BILLABLE COSTS

- Tuition and Fees
- On-Campus Room and Board

These costs will show up on the college bill.

INDIRECT COSTS

- Books and Supplies
- Off-Campus Room & Board
- Personal Expenses
- Travel Costs

These costs do not show up on the college bill.

ASSESSING STUDENT NEED

A **student's financial need** is calculated as the difference between the cost of attending the school, the **Cost of Attendance (COA)** minus any expected financial assistance (EFA), such as gifts or outside scholarships,

and the amount the student and their family is expected to pay, the **Expected Family Contribution (EFC)**

COA – EFC = Student Financial Need

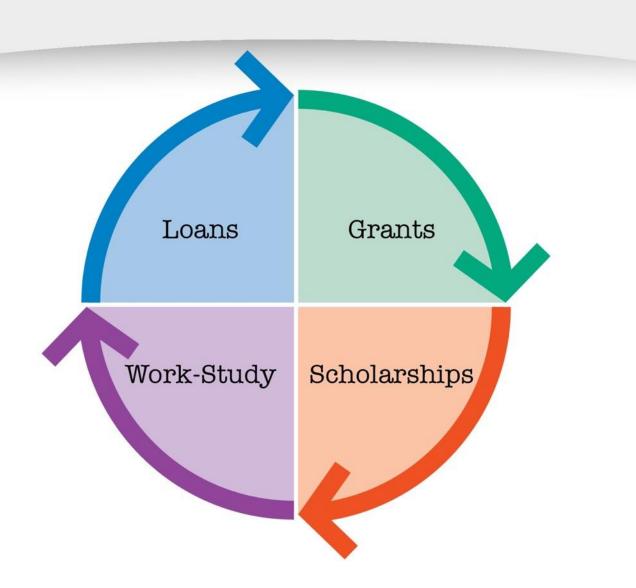

EXPECTED FAMILY CONTRIBUTION (EFC) IS INFLUENCED BY THESE FACTORS:

- The amount the student's parents will be asked to pay from income and assets
- The amount the student can contribute from earnings and savings
- Family size, age of oldest parent, number of children currently attending college
- Special circumstances: Health related expenses, loss of property or death in the family
