## Academic Resources through Seattle Public Library

O'Dea's Surface Program has opened new opportunities to educate students on how to research and access free academic resources through Seattle's Public Library. All students of O'Dea, even those who reside outside of the city limits, are eligible to receive these library cards. Because of the academic resources made available to us free of charge, **O'Dea is asking that all students come to school each day with a Seattle Public Library card and their pin number.** Please click [HERE](#) to apply online and then visit any Library location to pick up your card. Contact Director of Educational Technology, [David Olinger](#), with any questions.

## Tech Night

O'Dea's Technology and Educational Design (TED) Team is hosting a night to showcase how we are using technology in our classrooms on Wednesday, October 17th from 6-7:30PM in the O'Dea Library. The team will focus on O'Dea's use of our Math digital textbook through Pearson and our use of Microsoft Teams. We encourage families to attend with their son and bring their surface device for the interactive sessions. If you intend on attending, please let us know by signing up through [HERE](#). If you have any questions regarding these sessions, please contact [David Olinger](#).
